Background Info

The eight digi-destined were shipwrecked on an island.

They had no food and no shelter and no way off the island. Am I forgetting something? Oh Yah, how'd they end up getting shipwrecked anyway? Tai was steering the boat, took a wrong turn, shipwrecked the digi-destined, and my story starts.

Matt was sitting on a rock, he had his bare feet dug into the sand, and was playing his harmonica.

"Beautiful, isn't it," said Mimi as she sat down next to Matt.. Matt looked as if he was turning this sentence around in his head, trying to figure it out as if it were a problem on a math test.. Finally he replied, " I guess so," Matt had stopped playing his harmonica when Mimi sat down.

After a long silence Mimi said, " I know with all these dark masters we might not make it so I..."

" We will make it, you hear!!" Matt jumped up and shook Mimi's shoulders he said this.

"O.K., I hear" spoke up Mimi in a low, quiet voice, almost a whisper.

"I just wanted to tell you something that has been in the back of my mind and know weeded its way to the front.," Mimi uttered in the same low whisper.

But before she could say what it was, the sound of T.K. went off behind them, " Matt and Mimi sitting in a tree, K-I-S-S-I-N-G, first comes love, then comes marriage, then comes baby in the baby carriage."

Both Mimi and Matt turned about 10 shades of red. " T.K. I'm gonna get you," Matt yelled as he chased T.K. around the beach.

Tai had just come over and asked what was going on when it started to pour, soon it was thundering and lightening out and the digi-destined had no shelter...

Matt and T.K. were trying to calm Sora, Kari, and Mimi down. Tai, Joe, and Izzy were trying to find shelter. Tai noticed a cave nearby and decided it was better than nothing and motioned for all of them to head in.

After a while Tai reminded them that they had no food and no way off the island. They decided they would find food and make a signal fire in the morning, right now they needed sleep.

The next morning went as follows, the boys, Tai, Matt, Joe, Izzy, and T.K. found wood and made a signal fire. The girls, Sora, Mimi, and Kari found food like nuts and berries. After they had finished their jobs, Matt walked up to Mimi and asked her, " Mimi what was it you were going to tell me before it rained?"

" I just wanted you to know how I feel about you. I want you to know that I love you. I have had a crush on you ever since the day I met you. Since that day I knew that you were the one for me," answered Mimi.

Matt replied, " That is wonderful because that is exactly how I have felt about you since the same day."

Matt and Mimi were hugging, when Tai noticed this he motioned for the others to come watch.

"Hey big bro, lem'me take a picture it will last longer." shouted T.K.

As soon as they heard this they both let go of each other and turned the 10 shades of red again. Matt was about to chase T.K. again when they heard it. They all heard the sound of a plane. Every one forgot about Matt and Mimi, (which they were relieved of) and ran to the signal fire waving their arms. The pilots in the plane noticed them and dropped the ladder. All of the digi-destined climbed on in this order, Kari, T.K., Joe, Sora, Tai, Izzy, Mimi, and Matt.

The plane dropped them off in their home town and everyone went home with Matt and Mimi going out.
